Welcome to our home page. We are here to serve both the consumers of Maryland and the real estate licensees that we regulate. The Commission was created to protect the health, safety and welfare of the public through examination, licensing, and regulatory activities, to uphold and apply the governing real estate laws and regulations equally to all, to provide courteous, reasonable, and professional assistance, and to impartially conduct disciplinary actions.

The Commission regulates approximately 40,000 active licensees in Maryland. On our site, you'll find information about our services, answers to questions, and special announcements.

**Continuing Education:**

The goal of continuing education (CE) is to provide licensees with current facts, concepts, and laws to ensure competent real estate transactions and to protect clients and the public interest. The Commission pre-approves the form, substance and subject matter of all CE courses before the courses are given. The Commission maintains a list of institutions and associations in the state which are approved to offer CE courses. To renew a Real Estate licence, there are certain CE requirements. Please see the summary table and notes below for details.

If recognized, the hours credited will be entered into your licensing record and an eNotice sent to your email address of record.
